HERITAGE GIRLS™
FAITH | SERVICE | FUN

Troop Ga-1842

Volunteer Policy

We are extraordinarily blessed to have such a wonderful troop of girls! Our goal is to offer them an educational scouting experience along with faith-filled service opportunities, fun social activities, and quality family events such as our Father/Daughter dance, Mother/Daughter tea, and family camping. It is impossible for a small handful of leaders to accomplish all of this alone! As a result, each family is asked to volunteer. It could be an ongoing volunteer opportunity such as serving as an assistant leader or it could be coordinating a single event such as the dance. Likewise, it can be a Mom or Dad who volunteers for the event.

We have tried to offer a variety of volunteer jobs to meet the preferences/time constraints of each family. In fairness to everyone in the troop, we must require that each family sign up for one (1) volunteer job to register their daughter(s) for the troop. Unfortunately, far too many worthwhile organizations fail due to a small number of people trying to do all the work. Our troop can only continue to flourish and retain leaders if we all work together! If there is a specific volunteer job that you especially want to take on, please make a note of it on the form. Otherwise, please mark down 3 preferences so that we have some flexibility in where to assign volunteers for the year. Don't worry - you will only be given one volunteer job unless you tell us that you would like to be assigned to more than one task.

Volunteer Position Selection Based on Gifts

American Heritage Girls is a family supported program that encourages girl and adult involvement. Our troop will benefit most when we can utilize gifts from all our members. We, the Board Members of AHG Troop Ga-1842, recognize that everyone has been given different gifts by God and are called to these gifts for His glory. Volunteering for a position should be done with discernment. Prayer and one's circumstance in life should be weighed when considering a position within the troop. We ask that you pray for guidance in helping our troop.
